Harper. Paperback. Book Condition: New. Mass Market Paperback. 400 pages. Dimensions: 7.4in. x 4.1in. x 1.3in. Its murder in Discworld! which ordinarily is no big deal. But what bothers Watch Commander Sir Sam Vimes is that the unusual deaths of three elderly Ankh-Morporkians do not bear the clean, efficient marks of the Assassins Guild. An apparent lack of any motive is also quite troubling. All Vimes has are some tracks of white clay and more of those bothersome clue things that only serve to muck up an investigation. The anger of a fearful populace is already being dangerously channeled toward the city's small community of golems, the mindless, absurdly industrious creatures of baked clay, who can occasionally be found toiling in the city's factories. And certain highly placed personages are using the unrest as an excuse to resurrect a monarchy which would be bad enough even if the king they were grooming wasn't as empty-headed as your typical animated pottery. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Mass Market Paperback.
