Language: English Brand New Book ***** Print on Demand *****.Excerpt from *The Mosaic Account of Creation, the Miracle of to-Day: Or, New Wirnesses to the Oneness of Genesis and Science; To Which Are Added an Inquiry as to the Cause and Epoch of the Present Inclination of the Earth's Axis, and an Essay Upon Cosmology* My purpose in this Essay is to compare the statements in the first two Chapters of Genesis with the scientific discoveries and conclusions thus far attained. I have endeavored to do this as fairly and thoroughly as possible, and while I am well aware that my conviction of the superhuman character of that Account permeates this book, yet I confidently appeal to the words of Moses on the one hand, and to Scientists upon the other, as to the correctness of my statements. It is a true saying that a belief is not necessarily true because it is old, nor false because it is new. Each one should stand, or fall, according to the character of the evidence adduced in its behalf - a principle for which the Reader will find use. There is little Science in this Essay that is not the common property of all who have in any degree kept up with the progress of Physical research.
