RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 58 pages. Original publisher: Washington, D. C. : U. S. Govt. Accountability Office, 2007 OCLC Number: (OCoLC)123753894 Subject: Harbors -- United States -- Management. Excerpt: . . . Table 1: Port Stakeholder Roles Port stakeholder Stakeholder role Quasi-governmental Provides a limited governance structure for the port. Port authority Sometimes owns port assets such as cranes and pier space. The role of the port authority varies from port to port. Some ports own and operate cargo terminals, while others lease their equipment and pier space to private operators. Others engage in a combination of both activities. Private sector Ship owners and operators Facility service operators Stevedoring companies Rail carriers operators Trucking and shipping companies Other operators to support the day-to-day activities of the port State and local governments May assist port in planning for natural disasters and security threats. May also help to State or local emergency management coordinate disaster response services such as police, fire, and medical teams for the agency port. Information sharing forums Federally established forum at all ports for all stakeholders to share information on Area Maritime Security Committee security issues through regularly scheduled meetings,...
