

A Companion to American Cultural History

By Bernd Engler

WVT Wissenschaftlicher Verlag Trier Okt 2009, 2009. Buch. Book Condition: Neu. 22,5 cm. Neuware - This volume is designed as a companion piece to the anthology Key Concepts in American Cultural History: From the Colonial Period to the End of the 19th Century, which was first published in 2005. It seeks to position the documents introduced in the anthology within the major ideological formations in which these documents originally operated and developed their political and social impact. Although a multiplicity of voices has defined America's cultural development since the colonial period, the conceptualization of America as a distinct nation has evolved from a relatively small number of pervasive concepts. Such key concepts served as ideological blueprints and mental sign-posts in the process of building a common basis for a society which - with respect to gender, class, ethnicity, and religion - had an extremely diversified origin. The companion foregrounds concepts which have transcended their original historical contexts to become crucial factors in the forging of a uniquely American cultural identity. Given this particular focus, the essays investigate the cultural logic that allowed certain basic ideas not only to gain prominence at a specific historic moment, but to establish themselves as...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
