Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Trinity Flight is the never before told World War 2 true story of a nighttime training flight to Alamogordo, New Mexico where three young pilots in AT-6 aircraft accidentally flew over the worst place on earth at the worst possible time-July 16, 1945, 5:29 AM above the Trinity test site just as the World s first atomic bomb was detonated. It s the harrowing saga of Army Air Corps warfare training during the time of Oppenheimer s Manhattan project and the dropping of atomic bombs on Hiroshima and Nagasaki. From chemical warfare accidents to unimaginable atomic radiation poisoning, it reveals a secret part of World War 2 history that has been hidden for decades under threats of court-martial and treason. This captivating account tells of an incredible combination of events that cast these pilots into history as the first atomic veterans of World War 2. Though most people think of D Day or Okinawa soldiers on Veteran s Day, this story sheds new light on America s non-combat veterans and what so many have suffered silently away from the front lines of battle. And unlike other veteran s wounds of war that may heal with time, an irradiated veteran s complications can linger for a lifetime like a ticking time bomb; or worse, get passed on to impact their children. This remarkable story of survival and determination is based on extensive actual interviews, recorded transcripts, flight logs, and documents provided by the surviving pilots before they died. This book puts the reader behind the flight controls of B-24 Liberators, B-25 Mitchells, and AT-6 Texan aircraft during a time when our nation s young men prepared in dangerous training...
