Taking Sex Differences Seriously

By Steven E. Rhoads

Encounter Books, USA, United States, 2005. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Most contemporary discussions of sex differences assume that they are determined by society rather than biology. It is society that teaches little girls to be feminine and little boys to be masculine--society that tells women to respond to babies and men to respond to sports. Reflecting the fashionable idea that male and female roles have been socially constructed, most commentators speak of gender instead of sex. Because men and women are virtually interchangeable, so the argument goes, men should do an equal share of domestic and childrearing work so that women can compete equally outside the home. There's only one problem with this beguiling vision of androgyny. Whatever we might like to believe, as Dr. Steven Rhoads shows, sex distinctions remain a deeply rooted part of human nature. In *Taking Sex Differences Seriously*, Rhoads assembles a wealth of scientific evidence showing that these differences are hardwired into our biology. They range from the subtle (men get a chemical high from winning while women get one from nursing) to the profound (women with high testosterone levels are more promiscuous, more competitive,...

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- **Audrey Lowe I**

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.
