Springer. Paperback. Book Condition: New. Paperback. 1089 pages. This volume presents papers from the Tenth International Congress on Medical Informatics, MIE 91. The contributions describe original research in all areas of Medical Informatics. The scientific topics presented range from information and communication systems, knowledge-based systems, signal and image processing, health care, biometry and biomathematics, research and epidemiology, classification and coding, and nursing, up to computer-assisted education, medical curricula, and even robotics in medicine. They are interdisciplinary in nature and may therefore be of interest to a variety of professionals: medical informaticians and health information scientists, medical computing specialists, public health and hospital administrators, physicians, nurses, other allied health personnel, and consultants in the various health fields. A highly prevalent topic in the volume at hand is medical information and communication systems, hospital, medical, clinical, ward, nursing, health, and executive information systems. hospital and data communication networks and PACS, drug information systems (database, interaction, monitoring) and related issues such as standardization of information exchange. The volume's subject index, for example, contains a total of 40 cross-references to the above-mentioned keywords. Moreover, a hot topic is knowledge-based systems with 62 cross-references in the subject index. This topic was not only discussed in several Medical Expert Systems sessions but is also part of sessions such as biosignal and image processing, computer-assisted instruction, and information systems and decision support. Some areas of knowledge-based systems are discussed in detail. This concerns for example, knowledge representation, knowledge acquisition and learning, knowledge models, and evaluation issues. Several contributions report on clinical applications of knowledge-based systems and thus demonstrate their achieved practical usefulness. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
